## **SUMMARY:**

My varied experience in Project Management, Risk Management, Construction Safety Commercial/US Government, Construction Project Consulting, and Public Safety in Law Enforcement, with a highly decorated Marine Corps Service, identifies my ability to complete tasks with success and proficiency. My real world expertise with successful digital and standard administration practices identify my positive value to any organization.

***Construction Quality Management, and Construction Regulation Inspector, E2, ISO 9001***

***EHS (Environmental Health and Safety) Planning, Training and Accident Prevention Processes within OSHA, EM385, NFPA based Safety Process and reduced Safety Matrix analysis.***

***Responsible for Building Constructability Project Management and Safety Complex Risk Analysis***

***EHS (Environmental Health and Safety) Risk Management and Performance Metrics within an administrative and field environment***

Expert knowledge of Occupational Health and Safety principles, practices, procedures, laws, directives, instructions, and current legislative issues as they relate to the Air Force, US Army Corps of Engineers, NAFAC (Navy) ; or combined services Occupational Safety and Health programs.

In-depth knowledge of mandatory federal safety and health standards, American consensus standards, and other nationally recognized safety guidance sufficient to determine the need for inclusion in, and supplementation of Air Force, US Army Corps of Engineers (US Army), NAFAC (Navy) ; or combined services Occupational Safety and Health programs and safety standards. ; safety standards.

Knowledge of communication techniques, principles, and regulations to communicate effectively both orally and in writing, in responding to work-related problems and questions.

(15) Fifteen years of Experience and skills to identify problems and develop innovative solutions. Ability to research multiple standards dealing with one topic and consolidate requirements into one requirement for MAJCOM, MATOC, application.

Ability to review mishap data, perform data analysis, and develop required Air Force; US Army Corps of Engineers (US Army), NAFAC (Navy) ; or combined services Occupational Safety and Health program and OSHA reports.

## **PROFESSIONAL EXPERIENCE**

**VELOCITY VIEW – SOFTWARE DEVELOPMENT FIRM EHS DIRECTOR (SME) Subject Matter Expert - 10/2017 thru 2023 (note Still Consulting presently and senior shareholder) (GS -14 Equivalent) Consultant**

Collaborated with an exemplary staff to create a new significantly challenging new OSHA based Safety; EHS “AP”, application. These applications capabilities include field safety inspection, project data aggregation, and back-office safety trend management with trend graphing, statistical analysis. The “APPS” will be in a EHS Assist format for OSHA and EM 385 1-1 format, with a Spanish format for both, this position is administrative and a limited advisory position.

**PJB SERVICES - Senior Construction Project Manager, Alternate Quality Control and Environmental Control Officer and Remote Administrative Project Manager 07/2019 thru 08/ 2022 (GS -12 Equivalent) -** Demonstrated skilled proficiency when scheduling and prioritizing work assignments, utilizing personal computers and standard professional Microsoft Office software, Excel, Power-point, Visio, and Word; while initiating new Safety Incident Protection Plan, and additional training in a classroom and field environment with OSHA 10/OSHA 30 Classes and Environmental spillage safety classroom courses. Re-wrote and implemented strict new safety regulations per US Army Corps of Engineers policies. Implemented mandatory safety compliance, initiated accident prevention classroom educational requirements, utilizing compiled OSHA, EM385 documentation and new Safety Software implementation processes for all new projects starting in 2022.

## **ACE CONSULTING – GOVERNMENT CONTRACTING FIRM (SBA rated Small Business) (SDVBO)(HUB)**

**Senior Construction Project Manager, Alternate Quality Control Advisor and Environmental Control Advisor ; Safety Supervisor 09/2018 thru 2021 (GS -12 Equivalent)** - Demonstrated skilled proficiency when scheduling and prioritizing work assignments, utilizing personal computers and standard professional Microsoft Office software, Excel, Power-point, Visio, and Word; Primavera 5/ 6; writing and advising new Safety Incident Protection Plan, and additional training plans in a classroom and field environment. This position is primarily administrative in nature *Total value of projects 2M to 25M.*

## **M2 FEDERAL – GOVERNMENT CONTRACTING FIRM (8a) (SDVBO)(HUB)(STATE OF TEXAS Cn)**

**Senior Construction Project Manager, Alternate Quality Control and Environmental Control Officer and Senior Onsite Safety Supervisor. 07/2017 thru 09/2018; 12/ 2023 thru 07/2024; (GS -12 Equivalent)** - Demonstrated skilled proficiency when scheduling and prioritizing work assignments, utilizing personal computers and standard professional Microsoft Office software, Excel, Power-point, Visio, and Word; while initiating new Safety Incident Protection Plan, and additional training in a classroom and field environment with OSHA 10/OSHA 30 Classes and Environmental spillage safety classroom courses. Re-wrote and implemented strict new safety regulations per US Army Corps of Engineers policies. Implemented mandatory safety compliance, initiated accident prevention classroom educational requirements, utilizing compiled OSHA, EM385 documentation. Demonstrated onsite Safety Harness Training, plus; enforced safety compliance from onsite subcontractors, operating unsafely, without proper safety equipment. *Total value of projects 25M*

## **ATLANTIC ICON – GOVERNMENT CONTRACTING FIRM (8a)**

**Senior Construction Project Manager, Alternate Quality Control and Environmental Control Officer and Senior Onsite Safety Supervisor. 10/2016 thru 07/2017 (GS -11 Equivalent)** Demonstrated skilled, proficiency when scheduling and prioritizing work assignments, utilizing personal computers and standard professional. Microsoft Office software, Excel, Power-point, Visio, and Word; while initiating new Safety Incident Protection Plan, and additional training in a classroom and field environment with OSHA 10/OSHA 30 Classes and Environmental spillage safety classroom courses. Re-wrote and implemented strict new safety regulations per US Army Corps of Engineers policies. *Total value of projects 24.5M*

## **ARCC SAFETY AND CONSULTING SERVICES**

**Project Manager and Environmental, Health, and Safety Consultant 08/2014 thru 10/2016 (GS -11 Equivalent)** Specialized Auditor for; Construction Quality and Safety, within Commercial and government Sectors within Electrical, Specialized Data Room Construction, Specialized Government Physical Security Projects, Living Quarters, and Dining Facilities. Specialized Construction Site Quality Control Inspector / Auditor for Steel Erection; Data Room Construction; Electrical Projects, Above and Underground Data and Electrical Infrastructure Projects within government locations and Public Right of Way. Initiated Specialized OSHA Auditing and Inspections. Specifically utilized predesigned and Custom built/designed; Safety Software implementations for deficient safety programs to re-habilitate delinquent OSHA 300 logs, Improper disposal techniques, delinquent/deficient OSHA 10/30 training processes while enabling an extremely specific new Safety Plan for a multitude of subcontractors. Oversaw multi-year \$20M worth of tangible constructability projects, *Total value of projects 20.5M*

## **RMA LAND CONSTRUCTION, (Veteran Owned Business SDVOB)**

**Senior Construction Quality Control and Environmental, Health, and Safety Manager 06/2013 thru 08/2014 (GS -10 Equivalent)** Collaborated with a significantly challenging multi-faceted, multi-voltage, High Risk "Anti-Vehicular "Anti-Terrorism" Security Barrier Systems within the confines of FT Hood US Army Post (Ft Cavallo's currently).; A \$8M project. Demonstrated skilled proficiency when scheduling and prioritizing work assignments, utilizing personal computers and standard professional Microsoft Office software, Excel, Power-point, Visio, and Word; while initiating new Safety Incident Protection Plan, and additional training in a classroom and field environment with OSHA 10/OSHA 30 Classes and Environmental spillage safety classroom courses. Re-wrote and implemented strict new safety regulations per US Army Corps of Engineers policies. Improved Construction forward progress, Inspection and Safety process by 30%, when implementing proper Inspection procedures with well-informed experienced roofing personnel, which certified electricians in a union environment. Managed entire Inspection ICC Specialized Construction Inspection Process Implemented mandatory safety compliance, initiated accident prevention classroom educational requirements, utilizing compiled OSHA, EM385 documentation. Demonstrated onsite Safety Harness Training, plus enforced safety compliance from onsite subcontractors, operating unsafely, without proper safety equipment. \$10.5M project.

#### **AU AUTHUM KI**

**Senior Construction Quality Control and Environmental, Health, and Safety Manager/Officer Manager; 06/2012 thru 06/2013 (GS -10 Equivalent)** Developed EM385, and OSHA Specialized Safety Risk Identification Training: Improved risk identification, analysis and mitigation processes by designing a specialized construction operational risk-training course for (13) thirteen different subcontractors and experienced a 81% reduction in regulatory infractions, which existed prior to my program. No significant injuries to date and no lost time incidents in this project to date. Collaborated with new subcontractors to develop and implement recommendations for re-direction of stagnated, improperly designed, highly secure building construction requirements with DHS requirements for a specialized EOD training facility, Headquarters building within the confines of Fort Sill, Oklahoma. US Army; a \$8.5M project.; In addition, collaborated with new subcontractors to develop and implement recommendations for re- direction of stagnated, improperly inspected specialized "Warrior in Transition" , Barracks / Enlisted Housing Facility; Special Family Assistance Building; and Headquarters Buildings facility buildings within the confines of Fort Sill, Oklahoma. US Army; Initiating new Safety Incident Protection Plan, and additional training in a classroom and field environment with OSHA 10/OSHA 30 Classes and Environmental spillage safety classroom courses. Re-wrote and implemented strict new safety regulations per USACE policies. a \$22.5M project.

#### **PARSONS ELECTRIC**

**Senior Construction Quality Control and Environmental, Health, and Safety Manager/Officer Manager 06/2011 thru 06/2012 (GS -11 Equivalent)** Initiated, and thoroughly explained new Incident Protection Plan, via meetings with Union based Electricians, within Au Authum KI's guidelines and US Army Corp of Engineers communication. Re-wrote and implemented strict new safety regulations per USACE policies. No significant injuries to date and no lost time incidents in this project to date. Implemented mandatory safety compliance, initiated accident prevention classroom educational requirements; utilizing compiled OSHA, EM385 documentation. Demonstrated onsite Safety Harness Training, plus. enforced safety compliance from onsite subcontractors, operating unsafely, without proper safety equipment and un-qualified competent safety personnel. Developed EM385, and OSHA Specialized Safety Risk Identification Training: Improved risk identification, analysis and mitigation processes by designing a specialized construction operational risk-training course for (13) thirteen different subcontractors and experienced a 21% reduction in regulatory infractions, which existed prior to my program. . These plans improved productivity of people and safety of personnel by lowering workplace accidents and enhanced the quality of the construction process while maintaining proper regulatory compliance with National Electric Code. \$2.5M project. \$42.5M project/s

#### **PARSONS ELECTRIC**

**Senior Construction Environmental, Health, and Safety Manager/Officer Manager 06/2010 thru 06/2011 (GS -10 Equivalent)** Initiated, and thoroughly explained new Incident Protection Plan, via meetings with Union based Electricians, within US Army Corp of Engineers requirements. Project was a set of multiple Electrical substation transformer installs, Fiber interlinks, . Re-wrote and implemented strict new safety regulations per USACE policies. No significant injuries to date and no lost time incidents in this project to date. Implemented mandatory safety compliance, initiated accident prevention. Code. \$15M project/s

#### **JOHNSON ROOFING**

**Senior Construction Project Manager , Environmental Manager, Health, and Safety Manager/Officer Manager 05/2008 thru 06/2010 (GS -10: GS -9 Equivalent)** Developed EM385, and OSHA Specialized Safety Risk Identification Training: Improved risk identification, analysis and mitigation processes by designing a specialized construction operational risk- training course for (5) five different subcontractors and experienced a 91% reduction in regulatory infractions, which existed prior to my program. Designed a specific Fall Safety Program for EM 385 for Flat roof Historical Building roof construction processes. No significant injuries to date and no lost time incidents in this project to date. Collaborated with new subcontractors to develop and implement recommendations for re-direction of stagnated, improperly designed, Highly secure building construction requirements with DHS requirements for a specialized Medical Training; at BAMMC/SAMMC; Ft Sam Houston; San Antonio TX. 4.5M project

#### **PARSONS ELECTRIC**

**Senior Construction Environmental, Health, and Safety Manager/Officer Manager 06/2006 thru 05/2008 (GS -10 Equivalent)** Initiated, and thoroughly explained new Incident Protection Plan, via meetings with Union based Electricians, within US Army Corp of Engineers requirements. Project was a set of multiple Electrical substation transformer installs, Fiber interlinks, . Re-wrote and implemented strict new safety regulations per USACE policies. No significant injuries to date and no lost time incidents in this project to date. Implemented mandatory safety compliance, initiated accident prevention. Code. \$15M project/s

## **ATC – ADVANCED TECHNOLOGIES / LEAD PROJECT COMMUNICATION - ELECTRICAL MANAGER**

**Lead Project Communication – Electrical Manager (GS -9 Equivalent) 10/2003 thru 06/2006** Managed the installation of field Communication networks, Data centers fiber optic, electrical, and copper communication infrastructure with aerial and underground systems. The Project requirements were to develop, direct, and lead teams for complex projects from inception phase through close-out - initiating, planning, execution, monitor/ controlling, and closing-implementing project management methodology. Developed and implemented capital improvement projects-product enhancement, production efficiency improvement facility modifications and additions within Texas Historic Conditions, installing/removing production lines, and safety improvement. Review project documents CAD inset drawings, layout schematics, executed and enforced sub-contracts in order to provide a completed project on-time and within budget constraints. This construction Project which I held the direct responsibility, leadership, and licenses; was awarded the Landmark Historic building award building by the Hays County / City of San Marcos Historic Commission - Award 2010.

## **AMD-ADVANCED MICRO DEVICES**

### **Junior Quality Control and Environmental, Health, and Safety Manager/Officer Manager**

**05/1998 thru 10/2003 (GS -7/8 Equivalent)** Managed the performance and installation and re-work of Fabrication /micro-set chip equipment and assisted in quality verification for production and performed re-work and assembly of PCB's (Printed Circuit Boards) that have Surface mount Technology and EPROM chipsets. Identified building electrical requirements for re- work and equipment installation Demonstrated skilled proficiency when scheduling and prioritizing work assignments, utilizing personal computers and standard professional Microsoft Office software, Excel, Power-point, Visio, and Word; while initiating new Safety Incident Protection Plan, and additional training in a classroom and field environment with OSHA 10/OSHA 30 Classes and Environmental spillage safety classroom courses.

## **YUMA POLICE DEPARTMENT**

### **Junior Police Officer – Mobile Data Unit Officer 06/1996 thru 05/1998 (GS -7/8 Equivalent)**

Junior Officer Patrol duties performed Implemented and Installed installation and re-work of software and new Panasonic Toughbook patrol vehicle installations , MDS-Mobile Data Systems to Primary Police data locations and inter- vehicle data transfer.

## **US MARINE CORPS**

### **Logistics Chief, Combat Air Logistics NCO, Embarkation NCO, EHS / HAZ MAT NCO**

**10/1989 thru 04/1996 (Active Duty Contract Ended 1996) (Extended Reserve Contract ended 10/1998) (GS-5 /6 Equivalent, Total military service; 8 years / 3 months ; Service w/Honorable discharge)** Developed and identified Safe Load Calculations for Safe flight; HAZMAT materials flammability and toxicity in combat operations and managed environmental and health Duties included identifying, and properly packaging HAZMAT for Airlift Operations within Desert Storm and other USMC combat or conflict missions. Oversee and review Accident Prevention plans, Traffic Control Plans, Safety and Security Plans and contractor identification documents. Coordinate and Review Safety training requirements for civilian contractors. Managed the successful embarkation and debarkation of a full component Marine Air Ground Task Force, Four times and Managed and organized a full air combat deployment of two squadrons of Aircraft and one battery of Airfield Operations and Defense Squadron during Desert Storm.

***Special Note:** There may be overlaps of dates in several areas due to military service and in some cases , the reasons for overlaps in work history are; multiple jobs being held at the same time, US government closeout contracts require additional paperwork, meetings or other aspects of work with one contractor while new contract has begun creating an administrative and some inspection overlaps, Government contractors within the same "post" location accept this and allow for this overlap for a short time while continuing on to the major work within theirs. In addition I have held multiple positions and work simultaneously*

## **EDUCATION**

<b>02/2023</b>	Associate of Science in Veteran and Military Leadership, ASU (Arizona State University) (Formerly RIO Salado AA Program) (Currently attending)
<b>02/2016</b>	Associate of Science in Law Enforcement Technology, (Rio Salado Community College)
<b>09/2009</b>	Bachelor of Science in Electrical Engineering, University of Virginia, Charlottesville, Virginia
<b>09/1996</b>	Associate of Science in Administration of Justice, Arizona Western College, Yuma Arizona
<b>05/1989</b>	High School Diploma, Jack C Hays High School, Buda TX

## **CERTIFICATIONS**

2012-2017 US Army Corps of Engineers –Construction Quality Control Trained Manager / Inspector  
(Renewal extension completed)  
2010-2019 ICC E2 - International Code Compliance Inspector – Electrical Commercial  
2019-2022 OSHA 30- Hr.  
2024 OSHA – SHEP -C (Construction)(OSHA Rated EHS/Safety Professional)  
2022-2025 HAZWOPER 40  
2011-2015 Certified Safety Professional ECSI (Eastern Carolina Safety Institute- Government /OSHA)  
2019-2025 Safety Officer - Competent Person EM385 – USACE  
2009 -2014 HONEYWELL/ Miller Fall Harness Train the Trainer (Pending Renewal – and class availability)  
2010-2019 EPA-Pesticide/Herbicide Supervisor/ Handler – Renewed (Instructor-Safety)  
2012-2017 EPA- SPCC trained  
2018 - 2025 US Air Force HAZMAT Certified  
2016 -2025 Army EPA – Environmental Officer- Disposal, Verification USACE  
2019-2025 COSS- Certified Occupational Safety Specialists (Oil and Gas / Utility Specialized Safety Certification)  
1998-2020 PEACE OFFICER LICENSE - Reserve TX –TCLOSE/TCOLE Texas Peace Officer License  
(Currently Inactive License valid with 35 CEU redone )  
1996-1998 PEACE OFFICER LICENCE FULL DUTY - Standard AZPOST Certification  
Arizona Peace (Police) Officer License Certification – Currently Inactive (Transferred to TX)

## **HONORS, AWARDS**

Bronze Star (Sharper Edge; Liberia; Armenia, Bosnia; Embassy Extractions)  
Meritorious Service Medal (Sharper Edge, Somalia)  
Navy Achievement Medal (Desert Storm – LAMMB 23, 1<sup>st</sup> MAR , 24 MEU, )  
Navy Unit Commendation Medal (Bosnia- Korea/Team Spirit x2)  
Armed Forces Expeditionary Medal (Bosnia; Desert Storm)  
NATO Operations Medal (Bosnia, Somalia)  
Southwest Asia Service Medal (Desert Storm) (Campaign Badge)  
Presidential Unit Citation – (x2)  
Cold War Service Certificate (DOD) (Campaign Certificate)  
Special Letter of Accommodation - Logistics Chief – VMA-211  
Two Letters of Accommodation - Combat Planner / Logistics Chief – 26 Marine Expeditionary Unit; Desert Storm

## **HONORS, AWARDS**

### **Parsons Electric – US Army Corps of Engineers , FT Worth District. - Safety Award**

( 25,000 Hours of Electrical work on Darnell Hospital Project and WTI-Warrior in Transition Projects Ft. Hood Texas).
